

HELP US TO FIND YOU IN CASE OF AN EMERGENCY

IDENTIFY YOUR HOME WITH A 911 REFLECTIVE HOUSE SIGN

DINGMAN TOWNSHIP requires that you identify your home with a reflective numbered sign. This is reflected in the Zoning Ordinance Section 705.7. This sign must have 3 inch reflective numbers mounted on a post at the beginning of your driveway, a minimum of 4 feet and a maximum of 6 feet high. We have been supplying the area with just the thing. Our signs have 3 white numbers on a 6 inch by 18 inch BLUE REFLECTIVE aluminum plate. We can also provide a post if you do not have any place to mount it. As a service to our elderly and disabled residents installation is available upon request.

For more information or to place an order:
